Your Money Values

Does your money look like what you care about? About 15 minutes. Print it, or fill it in on your phone with any PDF or notes app.

Step 1. Pick your top three values

Tick the values that matter most to you, or write your own. Be honest, not impressive. Then write your top three below.

- ☐ Family
- ☐ Security
- ☐ Freedom
- ☐ Faith
- ☐ Growth
- ☐ Generosity
- ☐ Adventure
- ☐ Comfort
- ☐ Health
- ☐ Independence
- ☐ Community
- ☐ Achievement
- ☐ Other: _____

1. _____ **2.** _____ **3.** _____

Step 2. Check last month's spending

Using your bank and mobile money history, list your biggest spending last month. Beside each one, write which of your top three values it served, or "none".

What you spent on	Amount	Which value did it serve?
	₦	
	₦	
	₦	
	₦	
	₦	
	₦	
	₦	
	₦	
	₦	

Example: Eating out and drinks · ₦48,000 · none | School things for the children · ₦30,000 · Family | Savings · ₦0 · (nothing for Security)

Step 3. Find the gaps and make one change

Look at your table. Where is money going to things you don't value much? Which top value got little or nothing? Move some money from the first to the second.

Spending I'll reduce
What, and by how much a month: ₦ _____

Value I'll fund instead
Which value, and how much a month: ₦ _____
